Encapsulating Extraction Cleaner

A concentrated cleaner that can be used with any type of carpet extraction equipment. This encapsulation formula provides one pass cleaning and eliminates the need for rinsing.

*Traditional detergents leave behind sticky residues that lead to rapid resoiling. But the **Structured By Nature** encapsulating detergent dries into a hard crystalline material that fractures off the carpet fiber during the dry vacuuming process. Therefore an important benefit of encapsulation is that any residue left behind is of a non-sticky nature, and consequently does not result in rapid resoiling.*

Why Encapsulation?

- Leaves no harmful residue
- Prevents soil wicking
- No sticky residue
- No rinsing required
- Eliminates rapid re-soiling
- Carpets stay cleaner longer

Economical - Dramatic labor and chemical savings realized by the customer.

Versatile - Can be used with the latest low moisture equipment and also compatible with traditional carpet cleaning equipment

Chemical program enhanced by the Certified Pile Brush. Nothing is more effective at removing dry soil. Plus the environmental benefits of no solution or recovery tanks to service.

DIRECTIONS: Shake well before using. Test fabric in inconspicuous place for color fastness before using.

1. Prepare carpet for extraction in a normal manner with vacuum or Certified® Pile Brush.

FOR TRUCK MOUNT - Add 1 quart (liter) of Structured By Nature™ Extraction to 5 gallons (18.9 L) of water in the concentrate tank.

FOR PORTABLE EQUIPMENT - Add 2 oz. (30 mL) of Structured By Nature™ Extraction to every 1 gallon (3.78 L) of water.

When using Structured By Nature™ Extraction as a Pre-Spray, dilute 2 oz. (60 mL) to every 1 gallon (3.78 L) of water.

2. Vacuum thoroughly when dry.

NOTE: Freezing will not affect cleaning power. Thaw, shake well and use.

Odor Control & Facility Care Solutions

- Improve indoor air quality
- Non-Toxic / Non-Caustic
- Low VOC's
- Biodegradable
- Improved worker health and safety
- Meets Environmental standards

Nilodor will continue to do it's part to insure a safe and healthy environment for our generation and those to follow.
