ASK YOUR DISTRIBUTOR IF THEY SUPPLY R&B PRODUCTS.

FANTASTIC TRANSPORTING PRODUCTS FROM R&B

BUSHEL AND POLY TRUCKS

R&B Wire Products introduces solutions for transporting small to heavy capacity loads in meeting your laundry, housekeeping, maintenance & material handling needs. Look at our high quality products to see how we can simplify transporting loads for you in the safest manner possible. Our spring platform lifts help facilitate unloading in a safe and ergonomic manner.

Standard caster pattern will be shipped unless otherwise requested.

R&B UPS/FEDEX-ABLE BUSHEL TRUCKS - NEW COLORS AVAILABLE

A complete selection of durable and versatile bushel trucks to meet any need. These trucks ship knocked-down for significant freight savings and assemble in minutes. These units have a zinc-plated all tubular steel frame and are lightweight, yet durable – with maximum strength capabilities. The long lasting (and replaceable) vinyl/nylon fire retardant laminate liners are durable and now available in seven color options plus a natural canvas liner. Comes standard with two 3" swivel and two 3½" rigid casters in our diamond pattern or optional four 3" all-swivel corner caster pattern. These units are available with spring platforms for safety and ease of use in all sizes. Both hinged poly covers and elastic soft covers are available for all sizes.

Spring Platform Lift for the safety minded

R&B offers a great safety option with our spring platforms. All poly and bushel trucks can be outfitted with our safety oriented and ergonomically designed spring platforms to prevent back injuries - by minimizing reaching and bending. The heavy-duty 3/8" wire frame is covered with flame retardant vinyl/nylon laminate material to offer a durable and attractive product. The platform which is specifically designed for each truck will allow the load to move higher as weight or capacity is reduced making it a great safety option. Each spring platform comes with four specially designed corner zinc plated hooks for each style of truck with matching color vinyl/nylon protective sleeves to prevent the potential for pinching while springs expand and contract. This is a great product that will save wear and tear on your employees. Springs lifts and protective sleeves are in gray for all poly trucks.

Hinged Poly Cover

These sturdy hinged heavy-duty poly lids offer excellent protection for either poly or bushel truck contents. The lids feature a center opening stainless steel hinge that allows you to load or unload without having to remove the lid. By being able to access the lid from either end it makes it a very convenient option. Simply raise the lid from either end of the truck and toss in the laundry or other contents and simply close the lid - it's that easy.

Elastic Soft Cover

These optional soft covers will accommodate both poly and bushel trucks. They are sized to fit specific size trucks as noted. The flame retardant vinyl/nylon laminate has an elastic shock corded rim to insure that the cover fits snugly and offers both easy access and removal. This cover is very durable and will provide a long life. It also makes it easy to transport and/or protect the trucks contents.
