R&B HAMPER SYSTEMS

A NEW EXCLUSIVE FROM R&B WIRE PRODUCTS 669 SERIES HAMPERS

Lid damper for smooth controlled lid closure

Fully welded or knocked down

Stabalizer legs w/adjustable feet

Powder coated steel or stainless steel

Dual access foot pedal

DELUXE TRIANGULAR HAMPER W/LID DAMPING FUNCTION

This hamper is made from 1" tubular steel or stainless steel. Dual access foot pedal activation makes it easy to access opening from either side of the hamper. The hamper has a lid damper to allow for easy opening and a smooth controlled flowing closure to prevent rapid closure. The rear support stabilizer legs insure stability in all locations. These legs have adjustable feet to control the leg height that you desire. The legs also keep the hamper the right distance from the walls to prevent the lid from hitting the walls during use. Units have powder coated steel or stainless steel lids. Unit dimensions are 21"W x 21"D x 32"H.

- 669 Deluxe Triangular Hamper, Tubular Steel - Fully Welded
