

RA800/RA900 Sauber

Ride-On Scrubber

Complete

cleans right up to the edge

Simplicity

easy to operate and control

Maneuverability

4 wheel chassis, high stability, small turning radius

Easy

quick access to all components, excellent handling

Dynamic

self-positioning, self-leveling brushes

Comfort

ergonomic seating and control elements

Industrial

effective high-speed cleaning of large areas

Introducing the RA800/RA900 Sauber • Ride-On Scrubber

The Sauber Ride-On demonstrates its power and value through its smooth maneuverability and increased speed.

The Sauber easily glides through (30"/34") doorways, has a super tight turning radius, and is 50% faster than a walk-behind scrubber. Low to the floor and robust, the Sauber is easy to board, safe to use and comfortable to operate.

RA900 Sauber Scrubber shown

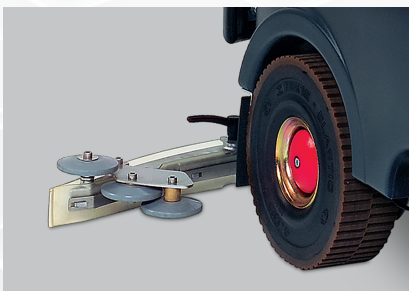

Easy to use, adjustable control panel

Convenient under seat access

Battery Access

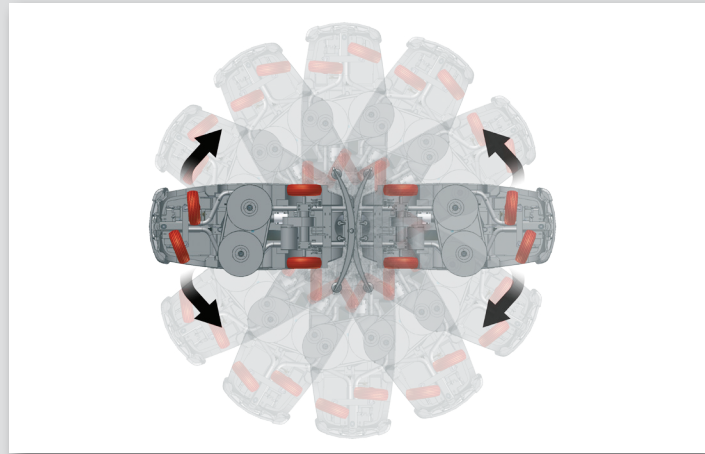

30"-34" cleaning path w/non marking wheels

High Maneuverability and Stability

4 wheel chassis, high stability, small turning radius

The Sauber has a super tight turning radius and is 50% faster than walk behind scrubbers. This makes the Sauber highly effective at cleaning large areas in a snap.

The Sauber also easily glides through doorways;

30" - RA800

34" - RA900
