

# For Easy Removal Of Organic Stains, Soil and Odors

**Ready-To-Use pH 6.5-7.5**

Pints 6/cs.

Gallon 4/cs.

**C004-007**

**C004-005**

Liquid **Enzyme** Pre-Spray is a special formulation containing enzymes and a pleasing fragrance. It may be used as a pre-spray for carpet cleaning or as a wet cleaning spray for upholstery cleaning. Complete and thorough removal of organic odors and related soils using a bio-enzymatic action. It contains corrosion inhibitors and other ingredients to improve performance in hard water. It is safe, environmentally responsible and biodegradable.

## **DIRECTIONS FOR USE**

Shake well before using. Test fabric in inconspicuous place for color fastness before using.

### **To Prepare Stock Solution:**

1. For truck mounts, prepare the cleaning solution concentrate by adding 2 to 4 quarts (18.9 L - 3.785L ) of Enzyme to 5 gallons (18.9 L) of water in concentrate tank.
2. For portable jet extraction machines, add 4 to 8 ounces (120 - 237 mL) of Enzyme to every 5 gallons (18.9 L) of water.
3. To use as a deodorizing pre-spotter, mix 50/50 with the warmest possible tap water and treat as you normally do with non-bioactive spotters. Cover spot with a hot wet towel if convenient. Cleaning action will continue as long as the carpet remains warm and wet.
