

Green Drain™

waterless trap for floor drains

Green Drain™ is an ECO friendly solution to prevent pests, the spread of dangerous bacteria, gases and harmful odors in drain outlets.

THE DRAIN ISSUE

Sewer & gas odors coming from dried traps

Drain flies, roaches, and other insects coming from floor drains

Frequent and difficult replacement of drain trap primers

THE DRAIN SOLUTION

One way valve creates seal to eliminate floor drain odors

Green Drain has a silicone skirt attached, preventing insects and rodents from entering your facility

Takes only seconds to install, and will act as a barrier trap protection device. Eliminates the need to add water to the trap & drain treatment

Water flows down - bugs, odors and sewer gases stay out!

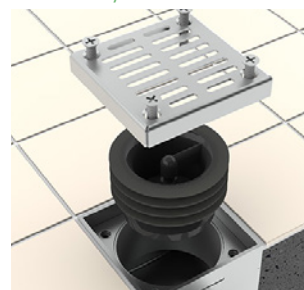

PART NO.	DESCRIPTION
NGD-2	2" Waterless Trap
NGD-3	3" Waterless Trap
NGD-3.5	3-1/2" Waterless Trap
NGD-4	4" Waterless Trap

Green Drain™

Is the ultimate security system for your drains.

- Requires NO caulk
- No expensive installation tools
- Easy to install & easy to remove
- Seals tight, NO leaking!
- Durable

waterless trap for floor drains

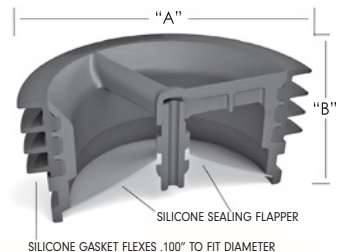

SPECIFICATION: Series inline floor drain trap seal with UV resistant ABS plastic housing, silicone rubber sealing flapper and four flexible sealing ribs. Tested and certified to the ASSE 1072 Standard, UPC and listed with IAPMO & I.C.C. Specify connection size - **2"** (51 mm), **3"** (76mm), **3 1/2"** (89mm) or **4"**(102mm)

FUNCTION: Used in the outlet connections of floor drain bodies, or the inside of floor drain strainers to seal the opening to prevent odors, sewer gases and insects from entering up through the floor drain grate. Green Drain™ can also be inserted into the drain housing of kitchen sinks to reduce noise and backplash from garbage disposal units. The Green Drain's four flexible silicone sealing ribs ensure easy installation into openings that have variations in size. The Green Drain™ will open to allow drainage and close when there is no water flow. It can be used in new construction or retro fit applications where trap primers were never installed or have failed.

GREEN DRAIN SIZE			FLOW RATE	
Model Number	"A" Pipe Size inch (mm)	"B" Height inch (mm)	GPM	L/M
NGD-2	2" (51 mm)	2" (51 mm)	12.0	45.4
NGD-3	3" (76 mm)	2" (51 mm)	34.0	128.7
NGD-3.5	3.5" (89 mm)	2" (51 mm)	51.0	193.0
NGD-4	4" (102 mm)	2" (51 mm)	73.0	276.3

This Product is covered by one or more U.S., Canada and foreign patents, including U.S. Patent #7900288 and 9027172
