Microburst®

Metered Air Care Systems

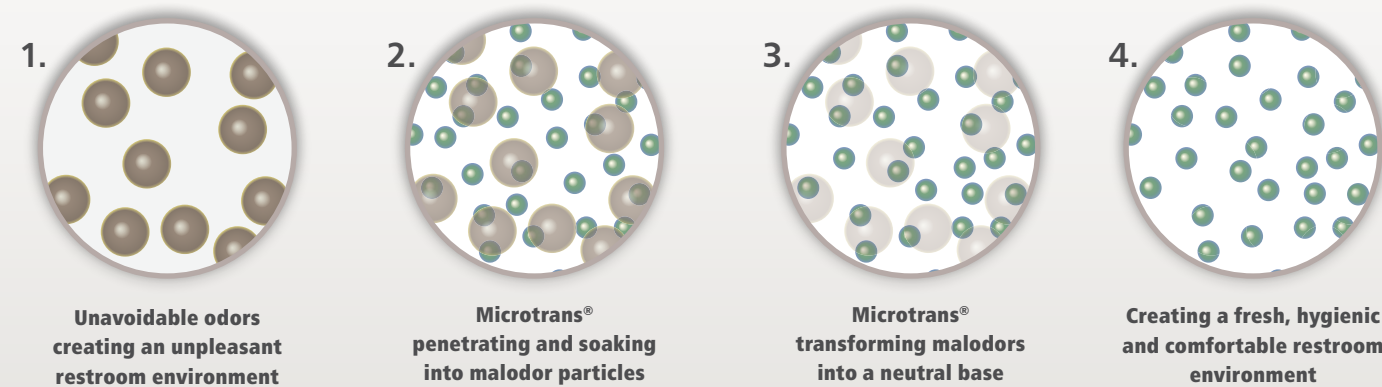

Microburst® Metered Air Care Systems

81% of washroom patrons feel a fresh-smelling washroom is a sign of a well-maintained washroom! Because even the cleanest washrooms are susceptible to unavoidable odors, discreet and effective air freshening systems are essential.

Rubbermaid Commercial Products' Air Care Systems combine the industry's most reliable dispensing technology with fragrances designed to meet the diverse needs of the away-from-home washroom, effectively eliminating odors and leaving the washroom with a clean, fresh fragrance.

Microtrans® Technology

Traditional air fresheners only camouflage malodors. Rubbermaid Commercial Products Air Care Systems are engineered to do the complete job! All RCP formulas contain Microtrans®, a true odor neutralizer, which is paired with the industry's highest quality fragrances to effectively eliminate "unavoidable odors" in commercial washrooms.

Preferred Fragrances

RCP offers a variety of clean, fresh fragrances representing consumer-preferred fragrance zones, thereby increasing satisfaction with individual patrons. We conveniently offer our top fragrances as individual products or in convenient "Preference Packs," which are a great solution for customers to test and determine the right fragrance for their facility.

Superior Design

These stylish, streamlined designs promote a positive image and further enhance any environment. Multiple dispensing options are available to match any décor.

Spa Collection

This new and exciting collection of fragrances is designed to rejuvenate mind and body while neutralizing odors in any environment. These scents are specially infused with therapeutic ingredients and essential oils proven to have a positive impact on mood. Each blended fragrance offers complex, multi-dimensional scents proven to disperse evenly and stay noticeable longer.

Microburst® 9000

Best Cost-In-Use

Reliable, lowest cost-in-use system

DELIVERING COST-EFFECTIVE CUSTOMER DELIGHT
One 9000 refill will replace three standard refills – 90 to 180 days of maximum odor control from one refill. This also allows for less packaging per spray.
