FLOOR CARE

GS Neutral Cleaner Concentrate is a mild concentrated pH neutral floor cleaner designed for mopping floors and for cleaning all washable surfaces. It contains no caustic, abrasive, or any harsh ingredients that mar fine floor finishes.

GS Neutral Cleaner Concentrate dissolves completely in cold water and works equally well in hard or soft water. It leaves floors sparkling clean without a film or streaks.

Packaged in source-reduced plastic packs, *GS Neutral Cleaner Concentrate* is formulated to meet published standards of environmentally preferable industrial and institutional cleaners. These standards require low levels of human and aquatic toxicity, high levels of biodegradability and performance, and reduced smog production potential.

Directions

Empty the contents of a *GS Neutral Cleaner Concentrate* pack into cold water (see dilution ratios below). Use for cleaning walls, floors, or on any washable surface. Apply manually or use with automatic scrubbing equipment.
