Innovative Hygiene Solutions

- Ultimate Luxurious Hand Wash Experience
- Efficient Delivery of Hygiene
- Environmentally Friendly

OneShot® Plus System

The world's first and only foaming gel hand soap. A luxurious hand washing experience, the foaming gel soap is efficiently delivered through an attractive, automatic wall-mounted dispenser. The OneShot Plus dispenser uses state-of-the-art sensor technology, detecting hands and automatically releasing the perfect amount of soap. Your washroom visitors will appreciate the touch-free experience. TC Foaming Gel Soap's concentrated formula and controlled dosage deliver up to 1,000 hand washes per 475ml refill.

Ultimate Luxurious Hand Wash Experience

Luxurious gel formula that produces a rich, foaming lather leaving hands feeling velvety smooth, encouraging healthy hand washing. Automatic touch-free delivery helps eliminate cross contamination and promotes healthy hand washing.

Efficient Delivery Of Hygiene

The Smart Sensor™ technology detects user's hands for controlled dosing and guarantees a trouble free operation – no clogs, no leaks, no drips, reducing labor costs and making the system presentable at all times.

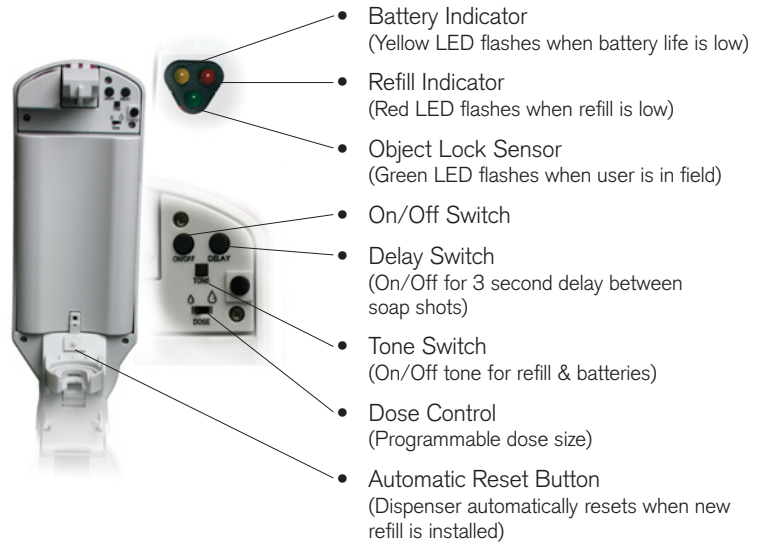

Environmentally Responsible

Reduced soap consumption and soap waste so there are fewer chemicals in the waste stream and water usage is reduced. Energy efficient cam-gear technology provides industry-leading battery life. Up to 60,000 cycles or 3 years.

Revolutionary foaming gel formula provides instant burst of the richest and most luxurious lather. Enriched with moisturizing glycerin and gentle cleansing ingredients to leave skin feeling soft and smooth.
