Protective Barrier - Hinged - Small

MADE
IN THE **USA****Product Description:**

- Protective Barrier - Hinged - Small
- Flexible hinge bends to create protective barrier between seated personnel
- Folds flat for convenient storage
- Clear Polycarbonate Plastic & PVC hinge

Primary Area for Product Usage:

- Anywhere a protective barrier is needed

Package Specifications:

- Package Quantity: 1 per case
- 27"L x 7"W x 33H (68.6 cm x 17.8 cm x 83.8 cm)
- 8.0 lbs (3.6 kg) - approximated

Product Specifications (overall external dimensions):

- 31.81"W x 23.75"H x 0.18"D (80.8 cm x 60.3 cm x 0.4 cm)
- 5.5 lbs (2.5 kg) - approximated

Mounting Instructions:

- Bend sections to create an angle to stand.
- Multiple barriers can be used to section off areas of a table.

Care and Construction

Polycarbonate Plastic/PVC

Material Characteristics**Designed for Long-Term, Heavy-Duty Applications**

Polycarbonate plastic is a polymer comprised of Bisphenol A and phosgene, which makes it shatter resistant and provides an excellent combination of strength, rigidity, and toughness.

This polycarbonate plastic is a clear, lightweight, tough, dimensionally stable thermoplastic. It is shatter resistant and will not soften over time. It is resistant to humidity and temperatures over 300°F. Polycarbonate is virtually unbreakable, making it safe to use in areas where it may be exposed to impact.

The transparency allows the viewer to see content, read text, and see true colors through the material.

The clear hinge is constructed of a rigid PVC (vinyl chloride and polyvinyl chloride) connecting to the polycarbonate panes, with a flexible Hytrel® (thermoplastic polyester elastomer) connective material to create a standing corner and to allow flat storage.

Notice for the State of California on PVC:

Warning: Cancer and Reproductive Harm

Care and Cleaning

Resistant to stains, polycarbonate is easily cleaned with common cleaners or soap and water. Alcohol is recommended to remove grease or oil. Ammonia and acetone should not be used.
