

### Product Description:

- Glove Box Dispenser - Space Saver - Triple
- Holds three boxes of gloves
- Two-way keyholes for vertical or horizontal wall mounting
- White Powder-Coated Steel

### Primary Area for Product Usage:

- Anywhere glove boxes are needed

### Dispenses:

- Box(es) no larger than 5.25"W x 10.00"H x 3.75"D (13.3 cm x 25.4 cm x 9.5 cm)
- Box(es) no smaller than 3.60"W x 9.00"H x 3.00"D (9.1 cm x 22.9 cm x 7.6 cm)

### Package Specifications:

- Package Quantity: 4 per case
- 30"L x 14"W x 5"H (76.2 cm x 35.6 cm x 12.7 cm)
- 17.0 lbs (7.7 kg) - approximated

### Product Specifications (overall external dimensions):

- 5.50"W x 30.04"H x 3.94"D (14.0 cm x 76.3 cm x 10.0 cm)
- 3.5 lbs (1.6 kg) - approximated

### Mounting Specifications:

### Related Products (each sold separately):

- GB-068: Glove Box Dispenser - Space Saver - Double (shown below)

## Installation

Always mount dispensers securely *prior* to loading with product.

- Vertical build and top load accommodate narrow space availability.

**1**

- Mount securely to a wall with screws approved and supplied by building maintenance.

**2**

### Parts included:

- Dispenser

### Tools Required:

- No tools required to assemble dispenser

## Care and Construction

### Powder-Coated Steel

#### Material Characteristics

#### Designed for Long-Term Use

Our steel dispensers and stands are coated with polyester powders which makes them highly resistant to corrosion.

Powder-coated steel is ideal for dispensers used in a healthcare or an industrial setting because it is impact resistant and is not affected by extremes in temperature.

Dispensers and stands made of powder-coated steel are both attractive and functional, providing years of service.

#### Care and Cleaning

For best results, clean by washing the surface with a diluted solution of a mild, non-abrasive detergent in cold or warm water and a non-abrasive cloth. Standard hospital cleaning supplies can be used.

Dry with a soft cloth. Do not use any solvent-based materials, abrasives (e.g. Scotch-brite, steel wool), or apply excessive force during cleaning.
