Product Description:

- Glove Box Dispenser Quad
- · Holds four boxes of gloves
- Two-way keyholes for vertical or horizontal wall mounting
- · Black Powder-Coated Steel

Primary Area for Product Usage:

· Anywhere gloves are needed

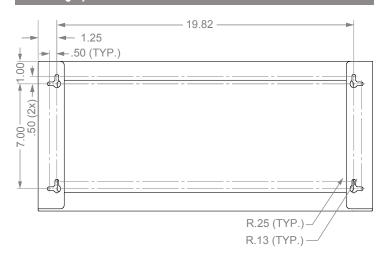

Dispenses:

- Box(es) no larger than 5.25"W x 10.00"H x 3.75"D (13.3 cm x 25.4 cm x 9.5 cm)
- Box(es) no smaller than 4.25"W x 9.00"H x 2.77"D (10.8 cm x 22.9 cm x 7.0 cm)
- Any combination of box(es) no larger than 22.25"W x 10.00"H x 3.75"D (56.5 cm x 25.4 cm x 9.5 cm)

Product Specifications (overall external dimensions):

- 22.32"W x 10.00"H x 3.81"D (56.7 cm x 25.4 cm x 9.7 cm)
- 2.7 lbs (1.2 kg) approximated

Mounting Specifications:

Package Specifications:

- Package Quantity: 4 per case
 - 26"L x 11"W x 8"H (66.0 cm x 27.9 cm x 20.3 cm)
 - 13.0 lbs (5.9 kg) approximated
- Package Quantity: 1 per case
 - 24"L x 12"W x 6"H (61.0 cm x 30.5 cm x 15.2 cm)
 - 4.0 lbs (1.8 kg) approximated

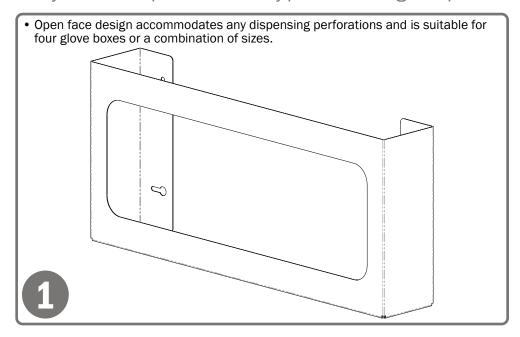

GL048-0420

Glove Box Dispenser - Quad

Installation Instructions/Characteristics & Care

Installation

Always mount dispensers securely prior to loading with product.

• Mount securely to a wall with screws approved and supplied by building maintenance.

Parts included:

Dispenser

Tools Required:

No tools required to assemble dispenser

Care and Construction Powder-Coated Steel

Material Characteristics

Designed for Long-Term Use

Our steel dispensers and stands are coated with polyester powders which makes them highly resistant to corrosion.

Powder-coated steel is ideal for dispensers used in a healthcare or an industrial setting because it is impact resistant and is not affected by extremes in temperature.

Dispensers and stands made of powder-coated steel are both attractive and functional, providing years of service.

Care and Cleaning

For best results, clean by washing the surface with a diluted solution of a mild, non-abrasive detergent in cold or warm water and a non-abrasive cloth. Standard hospital cleaning supplies can be used.

Dry with a soft cloth. Do not use any solvent-based materials, abrasives (e.g. Scotch-brite, steel wool), or apply excessive force during cleaning.
