- 14.00 lbs (6.4 kg) - approximated

Product Specifications (overall external dimensions):

- 22.00"W x 4.62"H x 0.56"D (55.9 cm x 11.7 cm x 1.4 cm)
- 1.0 lb (0.4 kg) - approximated

Mounting Specifications:

Proper Hanging Procedure:

- 1) Clean mounting surface using a mixture of 50:50 isopropyl alcohol and water prior to mounting the hanger.
- 2) Allow surface to dry completely. Remove the backing from all tape strips and press firmly to adhere tape to surface.
- 3) Allow adhesive a *minimum of 24 hours to set prior to mounting BOWMAN® Dispenser to the hanger. (*Tape is fully cured after 72 hours.)
- 4) Hang empty BOWMAN® Protection System on hanger.
- 5) Load consumables.
- 6) The hanger is rated to hold a maximum of 25 lbs. when mounted to glass or laminated wood. Not recommended for use on other surfaces.
- 7) Removal of product is not advised as damage to surface could occur.

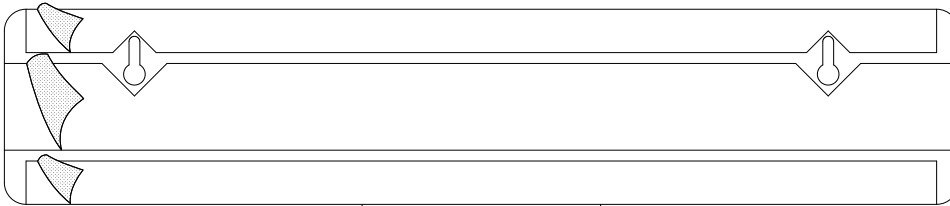

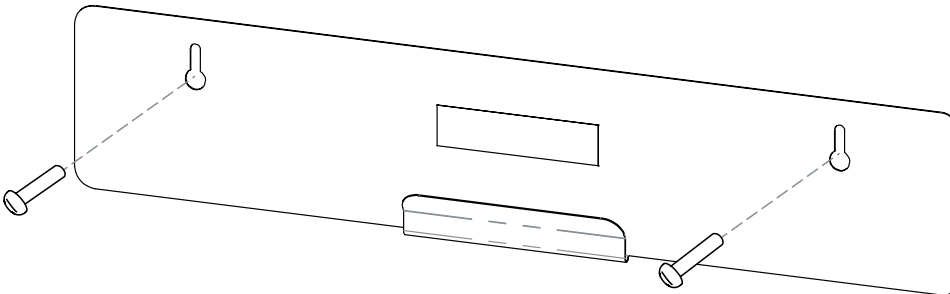

Installation

Always mount dispensers securely *prior* to loading with product.

- Peel adhesive backing from all strips of tape.
- Press firmly to glass surface.

**1**

- Hanger can also be mount securely to a wall with screws approved and supplied by building maintenance.

**2****Parts included:**

- Dispenser

Tools Required:

- No tools required to assemble dispenser

Care and Construction

Powder Coated Steel

Material Characteristics

Designed for Long-Term, Heavy-Duty Applications

Dispensers and stands made of powder coated steel are both attractive and functional, providing years of service. Our powder coated steel dispensers and stands provide long-lasting products that hold up well in tough environments.

Powder coated steel is ideal for dispensers used in a healthcare or an industrial setting. It is impact resistant and is not effected by extremes in temperature.

Care and Cleaning

The powder coated finish resists common chemicals and cleaning agents and can be easily wiped clean with soap and water.
