

- Liquid Soap Dispenser **Bradex**[®]
- Pushup-Type Soap Valve
- Surface-Mounted

Product Materials

BRACKET AND COLLAR: vandal-resistant, chrome-plated ABS.

CONTAINER: translucent polyethylene, providing visible liquid level and a 24 fl. oz. capacity.

VALVE: corrosion-resistant black ABS with stainless steel spring, and is secured to the base with the collar for increased vandal resistance.

Capacity

24 oz. liquid soap.

Operation

Pushup-type valve delivers a measured amount of thin liquid soaps, synthetic detergents, and vegetable oil soaps. Removing collar from base allows vandal-resistant valve to be removed from container for filling.

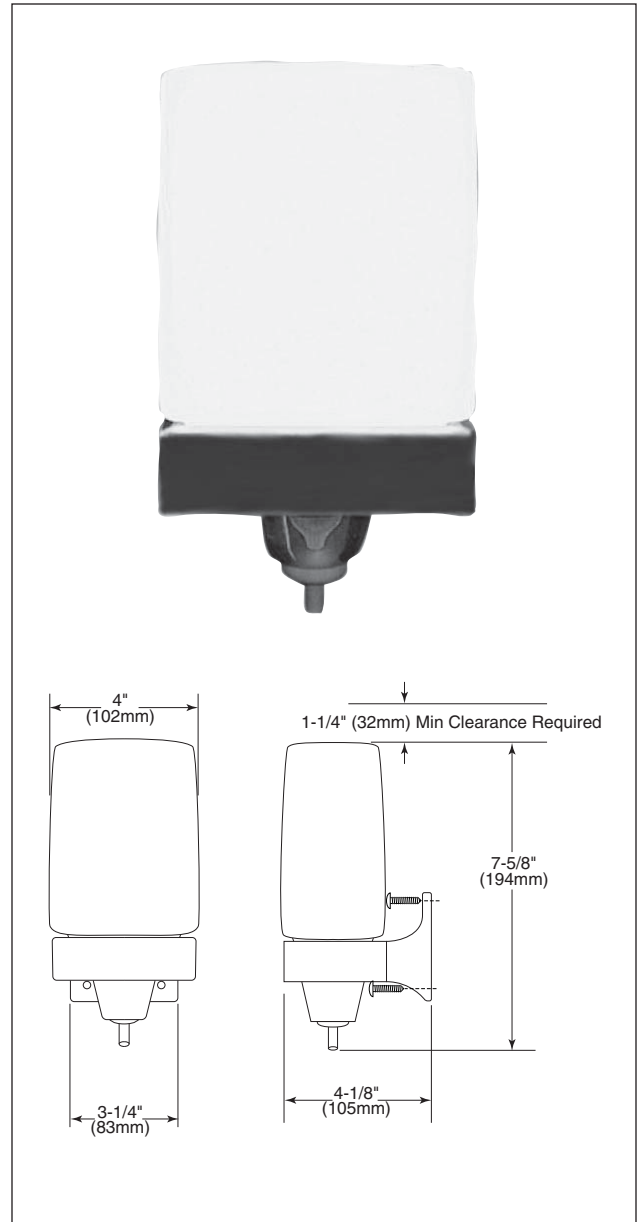

- Bradley liquid soap valves operate best with any vegetable oil or coconut oil hand soap having a 10–15% soap concentration.

Installation

Verify all rough-in dimensions prior to installation. Secure bracket to wall with four screws provided at points indicated in diagram.

Guide Specification

Soap and Detergent Dispenser shall be able to dispense thin liquid soaps, synthetic detergents, and vegetable oil soaps. Capacity: 24 oz. liquid soap.

**Washroom Accessories
Document No. 8673**

Always consult local and national codes and ordinances before beginning installation. Conformity and compliance to local and national codes is the responsibility of the installer.
