## Living and Fragrancing Green.

### Earth-friendly and effortless fragrance dispenser, perfect for any small space.

The HYscent Pod's four-quadrant vent holes ensure that the device achieves an optimal 360 degree fragrance dispersion. Without the use of aerosols, solvents or batteries, the HYscent Pod is one of the greenest – and most effective – devices on the market.

From the office cubicle to hotel guest rooms, the Pod is the ecological answer to fragrancing any personal area.

Pod dimensions: W 4" (102mm), H 1.7" (43mm)

HYscent fragrances are made from natural fragrance and essential oils and are synergistically formulated with Odoraxe™, a Malodor Technology scientifically designed and tested to effectively counteract unpleasant odors.

ITEM NO: 832111 (white)

# HYscent Pod: Product Specifications

The HYscent Pod is eco-happy and battery free! No programming required. Simply recycle and refill the fragrance cartridges.

The HYscent Pod can fragrance a space of up to 100 sq ft. The installation and placement of the Pod is paramount to achieving maximum coverage.

HYscent offers refills that last for up to 30 or 60 days. Our fragrance families cater to the industry specific needs. For contract service companies, our Essential collection caters to the 28 day change cycle whereas our Signature and Prestige families cater to the end-user where longevity is paramount and last for up to 60 days.

No spills, no mess. Safe, simple, effective to use, and the Pod can be changed in seconds.

HYscent refills are made from a proprietary blended polymer infused with pure fragrance oils and pure essential oils. The absence of propellants and harmful solvents make HYscent refills the "eco" conscious solution for your fragrancing needs. Your customer will smell only pure fragrance oil and NOT propellants and harmful solvents that diminish the character and efficacy of the fragrance.

The HYscent Pod can be used anywhere. It is the most versatile of fragrance devices because of its styling and installation options. Mount the Pod on any wall using double stick tape or show off the Pod in a more personal setting like a reception desk, shelving unit or window ledge.
