 - *Small footprint*
 - *Easy operation*
-

IDEAL APPLICATIONS INCLUDE:

- *Retail Stores and Malls*
 - *Commercial Office Space*
 - *Schools and Universities*
 - *Hotels and Motels*
 - *Healthcare Facilities*
 - *Restaurants*
-

Carpet Extractor

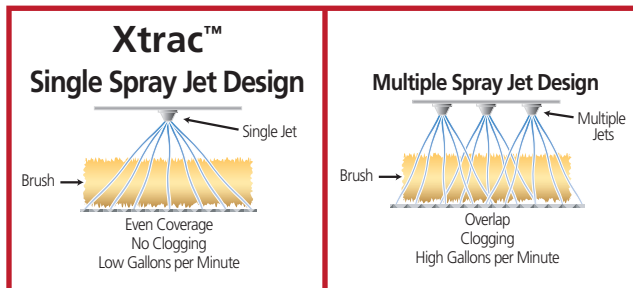

Euroclean

Large-capacity cleaning in small areas

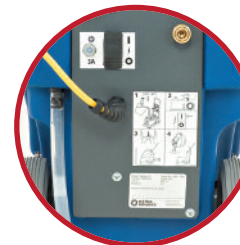

With its large five-gallon solution tank, the Euroclean Xtrac™ carpet extractor gives you big cleaning capacity for small areas. Single spray jet technology delivers even, consistent flow for deep, uniform extraction and helps eliminate clogging and streaks. Combined with a laminar-flow vacuum shoe that recovers more moisture from the carpet, the controlled water usage lets carpets dry quickly and normal traffic to resume without extended interruption.

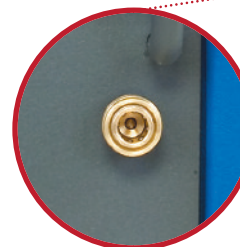

The small footprint and straight-forward controls make the Euroclean Xtrac™ easy to operate and maneuver. The 12-inch cleaning path allows extraction in tight spaces. Operating instructions on the control panel are displayed in icons rather than words for universal understanding. A see-through lid on the solution cover lets operators monitor solution recovery. With its hand grips and compact folding handle, the Euroclean Xtrac™ extractor is easy to lift and transport.

Ergonomic adjustable handle

Universal symbols on control panel simplify operation

Optional quick connect for spotting upholstery tool or wand

Brush storage clip prevents carpet set

Quiet, Clean Operation

Hand grips simplify lifting and transport

The vacuum shoe is designed with laminar flow technology allowing more moisture recovery resulting in fast drying times

Fold down handle for easy storage and transporting

See-through lid on solution tank lets operator monitor recovery

The recovery tank has a large opening allowing easy dumping and cleaning

The solution tank holds 5 gallons and has a drain hose to completely drain the contents

10-inch scrub brush can be removed and installed without the use of tools
