

Speedster®

Professionals Deserve Professional Equipment.

UnoClean.com

This Speedster® is powerful, portable, user-friendly and affordable. The 1001DX-200 adds heat and higher pressure to the cleaning equation, making it easier to remove stubborn dirt and spots from carpets and upholstery. It's long power cords make it easy to find the two separate circuits that are needed to run the machine. Its features lead the industry.

- With a 220 PSI pump, 200° heater, and dual 2-stage high performance vacuum motors, its equipped to clean and dry carpets quickly.
- Featuring aluminum lift handles for easy transport, an easy-open vacuum tank lid, and waist-high switches to reduce bending.
- It also features detachable power cords and a large hanger for storing hoses and cords.
- A housing made of tough roto-molded polyethylene that resists rusting and denting.
