Under pressure?

The Water-Hog™ 4000 is the solution to all your power washing needs. Just hook this unit up to any water inlet source, adjust the pressure from 0-1200 PSI as desired, and have high pressure water where you need it, when you need it. This unit features a pressure gauge, cord wrap, and convenient handle with hangers for hoses and guns.

PERFORMANCE

The Water-Hog™ has a durable 1200 PSI adjustable pump with a built-in pressure gauge and regulator and an easy prime for the pump.

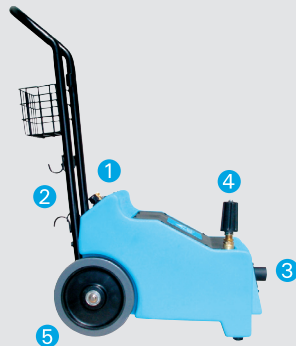

VERSATILITY

The Water-Hog™ gives you the versatility to do everything from cleaning tile, hard floors, bathrooms and more.

EFFICIENCY

The compact and portable Water-Hog™ uses a standard garden hose for the solution inlet. The handle features hangers for hoses and guns and a convenient cord wrap.
