Section 2. Hazards Identification

EMERGENCY OVERVIEW

Appearance/Odor: Gray-brown granules

NOT Classified as hazardous by the criteria of NOHSC.

WARNING

Not classified as flammable Flammability:

Health Hazards Listed: Sensitivity to dust inhalation

Ecological Hazards Listed: None known

Potential Health Effects: See section 11 for more information.

Risk Phrases: R22 - Harmful if swallowed

R36/37/38 - Irritating to eyes, respiratory system and skin

S2 - Keep out of the reach of children Safety Phrases:

S7 - Keep container tightly closed

S37 - Wear suitable gloves

Hazard Phrases: H335 - May cause respiratory irritation

H320 - Causes eye irritation

Precautionary Phrases: P234 - Keep only in original container.

P261 - Avoid breathing dust/fume/gas/mist/vapours/spray.

SDS for Product: Nilodew Dumpster Deodorizer NEW AND IMPROVED, Rev. Date: 11 December 2014

P285 - In case of inadequate ventilation wear respiratory protection.

Likely Routes of Exposure: Respiration

Eye: Direct exposure may irritate

Skin: Prolonged or repeated exposure may irritate

Ingestion: Not expected to be a problem

Inhalation: Classified as Group 3 (not classifiable for human) by IARC

Medical Conditions Aggravated By Exposure:

Allergies to fragrances; Asthma or preexisting respiratory problems

Lungs, see below **Target Organs:**

This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

Potential Environmental Effects: (See section 12 for more information.)

None known

First Aid Measures	
	First Aid Measures mounts of clean water, holding

Eye Contact:

persists, consult a physician.

Skin Contact: Wash with soap and water.

Remove to fresh air if irritation, cough, shortness of breath occurs. Inhalation:

Ingestion: Give water or milk to drink if conscious.

Inhalation of fragrance is not expected to be a problem. Inhalation of dry dust may Note to Physicians:

cause discomfort to allergies / sensitivities

Section 5. Fire Fighting Measures

Suitable Extinguishing Media: Foam, carbon dioxide, dry chemical

Unsuitable Extinguishing Media: Fragrance portion could float on surface of water and continue burning

Products of Combustion: Oxides of carbon and nitrogen.

Due to residual silica, self-contained breathing apparatus or dust mask is Protection of Firefighters:

recommended

Section 6. Accidental Release Measures

Keep away from skin and eyes. If product appears dry or dusty, wear dust mask Personal Precautions:

or respirator.

Environmental Precautions: Keep out of surface waters and sanitary sewers.

Methods for Containment: No special requirements. Liquid portion is adsorbed on mineral carrier.

Methods for Clean-Up: Sweep up or shovel up for disposal.

Other Information:

After granular powder has been swept or shoveled up, area of spill may be mopped with soap and water.

Not determined

Section 7. Handling and Storage

HANDLING

Keep away from skin and eyes. If product is dry or dusty, wear dust mask or respirator.

STORAGE

Section 8. Exposure Controls/Personal Protection

EXPOSURE GUIDELINES

COMPONENT: TWA: LD-50
Silica, fused, aggregate TLV 3 mg/ m3 NA
Water NA NA NA
Odor Counteractant NA NA

Silica: Quartz

TLV 10 mg/cu m (0.0008%

respirable)

NA NA

Engineering Controls: Normal Ventilation

Eye/Face Protection: Remove contact lenses (due to possible dust), Flush eyes with water if irritation occurs.

Skin Protection: Wash with soap and water. If sensitive skin, wear protective gloves.

Respiratory Protection: Dust mask or respirator recommended, especially if product appears dry or dusty. If

inhaled remove to fresh air.

Silica, Clinoptilolite

General Hygiene Considerations: Keep out of food and beverages

Section 9. Physical and Chemical Properties

Color: Gray to brown Odor: Spicy
Physical State: Granular Solid Odor Treshhold:

pH: Not applicable Freezing Point: Not applicable Evaporation Rate: Not applicable Boiling Point: Not applicable

Flash Point: Not applicable Flammability(solid,gas): Not considered flammable.

Upper Flammability Limit: Not determined Lower Flammability Limit: Not determined

Vapor Pressure: Less than 1 Torr at 20°C Specific Gravity: Not determined. Bulk density greater

than 0.75 g/mL

Vapor Density: Not determined Auto-ignition Temperature: Not determined

Volatile Organic Compound (VOC),%weight: Solubility (water): Insoluble

Less than 5%, all fragrance Percent Volatile: Less than 20% including water

Section 10. Stability and Reactivity

Stability: Stable

Conditions to Avoid: None known

Incompatable Materials: Unsaturated organic compounds such as turpentine, vegetable oil, and hydrofluoric acid

may generate heat when mixing with dry clay. Hazardous Decomposition Products: None known

Possibility of Hazardous Reactions: Extremely improbable

Section 11. Toxicology Information

ACCUTE EFFECTS

SDS for Product: Nilodew Dumpster Deodorizer NEW AND IMPROVED , Rev. Date: 11 December 2014

Oral LD50: Not determined for mixture. Weighted average more than 6 grams per kilogram,

acute.

Dermal LD50: Not considered toxic by skin contact. Weighted average more than 5 grams per

kilogram, acute.

Inhalation: Not considered acutely toxic by inhalation. Weighted average more than 4

milligrams per Liter.

Eye Irritation: Direct contact with fine particles can irritate eyes Skin Irritation: Prolonged or repeated contact can irritate skin

Sensitization: Sensitivity to residual silica may occur after long term exposure.

CHRONIC EFFECTS

Mixture contains zeolite which is Class 3 (not classifiable to humans) by IARC.

Carcinogenicity: Residual Silica is a suspected carcinogen however the low levels in this product

would not cause adverse effects with normal use.

Mutagenicity: None known
Reproductive Effects: None known
Developmental Effects: None known

Section 12. Ecological Information

Ecotoxicity: None known Persistence/Degradability: None known.

Bioaccumulation/Accumulation: Mineral carrier is persistent. Fragrance is biodegradable.

Mobility in Environment: None known

Section 13. Disposal Considerations

Disposal: Mineral carrier is not mobile.

Section 14. Transportation Information

US DOT (ground)

Proper Shipping Description: Dispose according to Federal, State or Provincial, and Local regulations

CANADA TDG (ground)

Proper Shipping Description: Not a Hazardous Material

ICAO (air)

Proper Shipping Description: Not a Dangerous Good

IMDG (water)

Proper Shipping Description: Not a Dangerous Good

Section 15. Regulatory Information
