

No Lime

Bar Glass Wash for Hard Water

No Lime is a premium bar glass detergent for use in areas with hard water, wells, or high mineral content. Daily use prevents bothersome water spotting on all types of glasses and stem ware. Use for both electric and manual 'in-sink' bar glass washers. Blend of mild organic and inorganic acids quickly loosens, lifts, and removes soils including lipstick, grease/oil, dried juice, fruit residue, and other soils. In soft water areas, use to remove water haze and spots. Restores the sparkle and shine of glasses without excessive wiping, toweling, and eliminates the need for separate soaking processes.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Use with electric or manual bar glass washing equipment.

1. Add ¼-½ oz. of product per gallon of water.
2. Adjust amount as needed.
3. Change water if dirty or as needed.
