

# RELIGIOUS BUILDINGS

MEETING CLEANING CHALLENGES WITH INCREASED PRODUCTIVITY

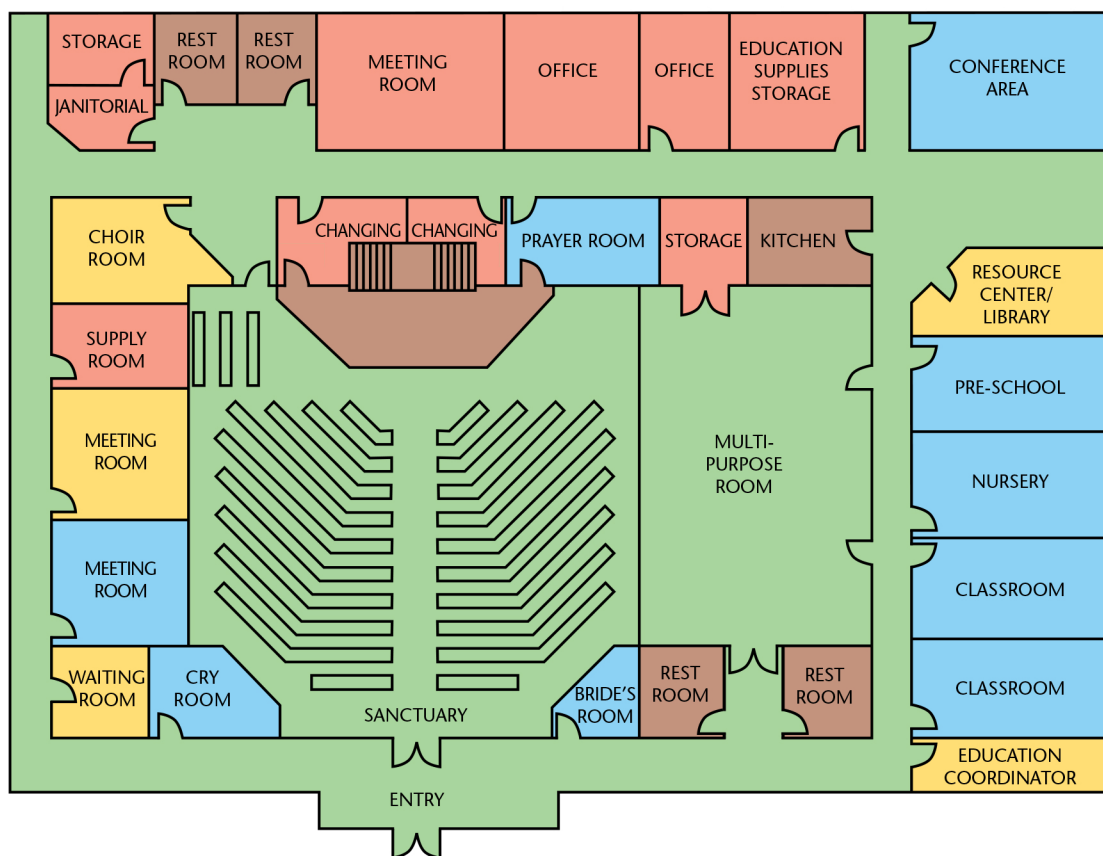

# COMMITMENT TO CLEAN

Congregational structures bring people together. At the same time these buildings create a unique set of cleaning challenges and choosing the correct vacuum is crucial to maintaining a healthy environment. Usage of space varies widely from ceremonial, worship, social activities, education, administrative functions, child care and food preparation – all creating high-traffic areas. Therefore it is vital to maintain a pristine environment with improved air quality for the health and safety of everyone from infants to the elderly.

ProTeam offers the right tools for the right job. Whether utilized by volunteer cleaners or employed labor, ProTeam vacuums are quiet, versatile, compact, and easy to maneuver. ProTeam's Four Level® Filtration and HEPA Level™ Filtration are proven to help decrease allergy and asthma triggers in indoor environments. Whether you are cleaning large areas or small, hard surfaces or carpet, ProTeam vacuums save time and money and focus on Cleaning for Health®.

## ProTeam Backpack Vacuums

require *less than half the energy and effort* to clean the same area as an upright.

- High-performance
- Dual-motor system
- Low profile

**ProGuard 10 Wet/Dry**

- Heavy duty
- Powerful
- 2-stage motor

**ProGuard 4 Portable Wet/Dry**

- Powerful
- Versatile
- Portable

## FACTS ABOUT PRODUCTIVE CLEANING

SAVE TIME AND MONEY

- Purchase vacuums that remove contaminants without releasing fine particulates back into the air, and that have the flexibility to clean around occupants with minimal disruption.
- When using the correct tools, ProTeam backpack vacuums clean 52% faster than a dust mop in crowded classrooms and congested areas.
- Dust bunnies reappear in 24 hours when a floor has been dust mopped as compared to 72 hours when cleaned with a ProTeam backpack vacuum.
- Vacuuming is a faster, healthier, and more efficient way to clean hard floors. Time savings allow reallocation of workforce to other problem areas.

### 50,000 SF Facility

Backpack Vacuum ROI Analysis

#### Labor Savings

	AVERAGE PRICE	TIME TO VACUUM	COST TO VACUUM*
ProTeam Backpack	\$375	5 Hrs	\$40
Single Motor Upright	\$225	17.5 Hrs	\$140
Difference	<\$150>	12.5 hrs	\$100.00

\*Using \$8.00/Hr Labor Rate

#### \$20 in savings every hour!

- **In less than 8 vacuuming hours**, you have recouped your additional investment required to purchase a backpack over an upright.
- **In less than 19 vacuuming hours**, you have recouped your entire investment required to purchase a backpack.

## PROTEAM ADVANTAGES

### SIX STEPS TO SUCCESS

**Effective:** High-powered suction and extremely effective Four Level® Filtration remove more than 99% of dust, soil and other pollutants measuring one micron (one-millionth of a meter) and larger.

**Productive:** All ProTeam vacuums feature a 50-foot cord for maximum mobility. Our backpacks cover up to 7,407 sq. ft. per hour and 10,000 sq. ft. per hour when used in a cleaning system.

**Quiet:** Vacuum without disturbing anyone.

**Versatile:** Whether you are cleaning hard surfaces, carpets or stairs, ProTeam vacuums save time and money. Use one machine with our versatile tool kits to accomplish more in less time.

**Ergonomic:** ProTeam's lightweight vacuums distribute 90% of the weight on the hips, reducing stress and fatigue.

**Improved Air Quality:** ProTeam products give cleaning professionals the ability to positively impact the health and safety of all building occupants.

# RELIGIOUS BUILDINGS

ProTeam's lineup includes vacuums that are compact, easy to maneuver, and easy to use for a person of any size, from their award-winning ergonomic backpack vacuums to upright vacuums with HEPA filtration.

## PROOF POSITIVE

**Lyle Herrera, Maintenance Director, St. John the Baptist Catholic Church and School in Longmont, CO**

*"We wanted the backpack vacuum because it was so much more convenient for our staff. It saves a lot of time, especially in classrooms where there are a lot of chairs and desks, or in the sanctuary between pews. Our cleaning staff can get into tighter areas and get underneath and around furniture without moving it. Everything's much easier."*

**Brian Andrews, Maintenance Supervisor, LIFE Fellowship Church in Westminster, CO**

*"We used to buy the cheapest disposable vacuums at Walmart for 70 dollars. I can see a huge difference in how much the ProTeam vacuum picks up. Some of the staff were concerned about discomfort from wearing the backpack, but after they tried it there was no concern. The Super QuarterVac is so small and lightweight, everyone really loves it. Once our cleaning staff learned how to use the vacuum with a sweeping motion, they cleaned a lot faster. It is easier to clean large areas. We have saved money in time spent cleaning and in bag replacements in just the first few months of using a ProTeam vacuum."*
