INTRODUCING OUR PRIVACY SCREENS WITH COLORED PANEL OPTIONS

STANDARD 3-PANEL PRIVACY SCREEN – NEW PANEL COLOR OPTIONS AVAILABLE

R&B introduces three new color options in addition to our standard white panels for our 3-panel privacy screen. All vinyl panels are flame-retardant and easily cleaned. Our frame is constructed from heavy-duty 1" tubular steel and powder coated in a brilliant white finish. The panels are hung with aluminum rods and convenient plastic clips for easy installation. The unit comes standard with 2" twin-wheel hooded casters (2 locking) for convenient portability. The unit is 69" high with each panel measuring 27"W x 55"H and is 17½" from the floor to the bottom of the screen. R&B offers the widest base profile for maximum stability at 27"W x 22"D.

All R&B privacy screen panels meet minimum requirements of flame resistance as established by the California State Fire Marshall for products identified in section 1311, California Health and Safety Code and NFPA # 701. Registration # F-3100.

TELESCOPING PRIVACY SCREEN

Our convenient telescoping privacy screen is now offered with colored curtain options. The aluminum rod-hung curtain will extend 90" from the wall or will push back to an out-of-the-way 50". Additionally, the unit can be rotated to lie flat against the wall when it is not needed. The flame-retardant vinyl curtain is 72" high and can be easily cleaned. The complete unit includes the wall bracket (mounting hardware included), telescoping rod, flame-retardant curtain and curtain hooks.

All R&B privacy screen panels meet minimum requirements of flame resistance as established by the California State Fire Marshall for products identified in section 1311, California Health and Safety Code and NFPA # 701. Registration # F-3100.
