POWDERED DETERGENT/DISINFECTANT

DISINFECT, DEODORIZE AND CLEAN WITH POWDERED DETERGENT/DISINFECTANT.

Powdered Detergent/Disinfectant is a phosphate-free, concentrated formulation designed to provide effective cleaning, deodorizing and disinfection specifically for hospitals, nursing homes and other institutions. Powdered Detergent/Disinfectant gently cleans and deodorizes walls, floors, sink tops, tables and chairs. Its disinfecting power kills HIV (the virus that causes AIDS), E. Coli, Salmonella Choleraesuis and many other bacteria on hard inanimate surfaces. Use Powdered Detergent/Disinfectant to clean and disinfect hard, non-porous surfaces of personal protective safety equipment (PPE), athletic equipment (helmets, headgear) and non-medical breathing apparatus (respirators, gas masks).

Stearns developed Powdered Detergent/Disinfectant to be an environmentally responsible product. Its concentrated detergent is premeasured and packaged in a 100% biodegradable water-soluble film that dissolves completely in water.

Eliminate unpleasant odors by simply dropping one packet of Powdered Detergent/Disinfectant in one gallon of water and apply. Your work-place will be hospital-clean with a fresh lemon scent.
