Certification	CSA and CUSA safety certified	Only Canadian model safety certified

Value Proposition

Engineered to deliver reliable spot cleaning through simple operation, convenient features and a durable design.

- Clear hand tool for better view of soil/solution pickup and removal
- 10' vacuum/solution hoses, with 4" rugged hand tool
- Removable recovery tank for easy empty and refill
- Built-in wheels for easy transport and storage
- Blue mesh, drawstring bag for storage of hoses and tools

Key Product Features & Benefits

Key Benefits

Allows for fast and easy clean up of spills on carpet or rugs:

Simple operation means very little operator training:

Easy to transport to the location of the spill:

Storage of the machine does not require a large space:

Key Features

The 4 inch hand tool makes quick work of removing spills or stain, and the clear Plexiglas nozzle make it easy to see the soil being removed. The powerful 2-stage vacuum motor, with 85 inches of waterlift, insure the carpet or rug is nearly dry after the spot is removed. The removeable recovery tank makes emptying simple and convenient.

One switch controls the vacuum motor and pump power. The vacuum runs continuously, with the switch on, while the pump only operates when the spray trigger is pulled. The recovery tank is made of translucent white polyethylene, which makes it easy to see the level of dirty water. The WOLF130 is also equipped with a float mechanism inside the recovery tank to prevent dirty water from entering the vacuum.

With (2) large 8 inch rear wheels and the center mounted front caster, the WOLF130 can be pulled to the spill location, or it can be carried using the built-in handle. Even with it's 1 gallon capacity solution tank full, the weight of the machine remains low.

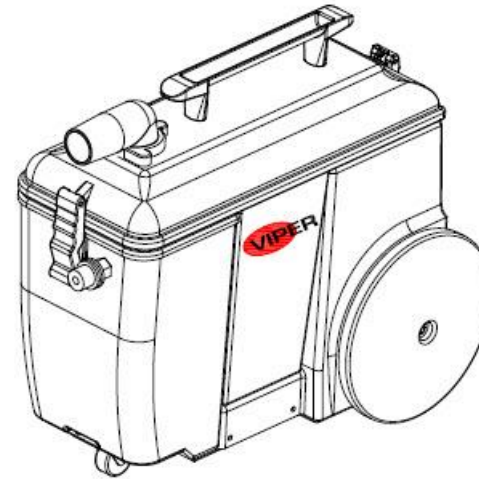

The small size (23.3 x 15.4 x 19.3 inches) make storage of the WOLF130 convenient. The standard blue mesh, drawstring bag makes storing the hoses and hand tool a breeze, while allowing them to stay dry, and odor free.

Technical Specifications

Technical specifications

Description	WOLF130
Cleaning path, Clear Hand Tool	4 in (10 cm)
Solution Tank	1 gal (3.8 l)
Recovery Tank	1 gal (3.8 l)
Solution Pump	30 psi (2 bar)
Solution and Vacuum Hoses	10 ft (3 m)
Vacuum Motor	1250 W
Voltage	120V
Vacuum max	87.7 in H2O (21.8 kPa)
Waterlift at Sealed Orifice	85 in (21 kPa)
Amp Draw, Voltage	11 amps, 110 volt
Power Cable, Safety Yellow	21.5 ft (6.5 m)
Weight	21.7 lbs (9.7 kg)
Shipping, Weight	28 lbs (12.7 kg)
Dimensions (L x W x H)	23.3 x 15.4 x 19.3 in (59 x 39 x 49 cm)

Machine Packages, Optional Accessories & Warranty

Model No.	Product Description
50000591	WOLF130 1-gal portable spotting extractor, 10' vac. (55940038) & 10' sol. (55940039) hoses, 4" hand tool (VV81314), blue mesh storage bag (VVR150-12)

Model No.	Optional Accessory Description
WAND 8	8 inch single spray tip floor wand
VV67703A	15 foot vacuum hose for Wand 8
VV67704A	15 foot solution hose for Wand 8

Warranty: 5 years part and 2 years labor
